PRODUCT DATA 60% CORN GLUTEN MEAL

CORN GLUTEN MEAL is a refined, granular, 60% minimum protein product derived from corn during the wet milling process. It is noted for its high energy content (1690kcal/lb), high methionine content (1.74%) and as a source of xanthophylls, the yellow pigment of corn.

TYPICAL COMPOSITION (%, EXCEPT AS INDICATED)

Protein	**60.0**

APPLICATIONS:

Protein source in poultry, livestock rations, fish and pet foods. Serves as a good source of xanthophylls for use in broiler rations, or yolk color in layer rations.

PACKAGING: Bulk hopper cars or trucks.
